

Simplify Manufacturing Security with a Fully Integrated System

With Verkada's cloud-based security platform, factories and manufacturing facilities are modernizing the way they manage and access physical security across their sites. Learn how Verkada's powerful solution makes it simple to protect property, ensure quality control, and maximize efficiency from a centralized platform.

Products

Video Security

- Centralize video security across factories, warehouses and corporate offices.
- Ensure safety measures are taken and risks are easily identified.
- Tested and rated for durability for use in high-impact environments.

Access Control

- Verify door-based activity with video evidence of who came and went.
- Manage access by groups to authorize various points of entry.
- Schedule doors to lock or unlock based on hours of operations.

Sensors

- Monitor environmental conditions to protect equipment, goods, and workers.
- Add security in areas where cameras can't, such as restrooms and changing areas.
- Be alerted of any sudden changes in temperature, noise levels, or air quality.

Key Benefits

Gain Operational Insights

Enhance productivity and worker safety with access records, video footage and insights for environmental data.

Real-Time SMS Alerts

Set proactive alerts to be notified of environmental changes or unusual activity in critical areas.

No Hidden Costs

US-based technical support, software upgrades, unlimited user seats and cloud archiving are included in the software license.

Search Filters for Quick Investigations

Use powerful video forensics to filter people, vehicles, motion and other attributes.

Share Video for Employee Training

Access, download, and share footage from any browser or mobile device in minutes.

Monitor From Anywhere

Remotely access doors, cameras and sensors without any VPNs or configurations.

Built For Your Organization

IT & Security Professionals

- Plug-and-play with a single PoE connection—no NVRs, servers or complex configurations.
- Control costs with predictable TCO and industry-leading 10-year warranty.
- Set user-based roles across your organization to ensure proper access.

Factory & Plant Managers

- Oversee all sites on one cloud-based platform, easily accessible through any web browser or mobile device.
- Share and receive live links to footage for real-time incident response.
- Improve production and operational efficiency with data-driven insights.

HR & Administrative Professionals

- Easy-to-use without time-consuming training or onboarding.
- Quickly isolate events with advanced filters for quick investigations.
- Ensure liability protection with onboard storage for up to 365 days and unlimited cloud-based archiving.

Customer Testimonials

Carolina Ingredients

“Rather than worry about extra sets of keys or punch codes, the team gets a single keycard that gives them the right levels of access to certain parts of the facility. Temperature and relative humidity are also critical to this operation. With sensors, I’m able to detect irregularities before it becomes a problem.”

Frank McKinney
Chief Operating Officer & Plant Manager

Barbosa Cabinets

“Not only do we see what’s going on at a high-level, we’re able to zoom into parts of the production line to inspect the builds. Our team can do this from virtually anywhere—it’s really allowed us to maintain our high bar for quality.”

Ted Johnson
Systems Administrator

Yusen Logistics

“Our supervisors each have their own set of personalized permissions to access cameras for their respective areas. If they’re mobile, they’re able to view them from their phones.”

Gene Stec
Director of IT, Contract Logistics & Facilities

World Oil Corp.

“Verkada allows our IT team the ability to provide high-quality footage to stakeholders and necessary authorities, while cutting response time down from days to minutes.”

Dan Dauer
VP of IT

Cerrowire

“If you want a security system that does everything and is easy to manage, scale, and use, Verkada is the way to go. It’s been a helpful resource for preventative maintenance and employee safety, we can reliably review footage of any area and quickly assess to correct an issue.”

Jeff Bishop
Network Analyst

Hanover Displays

“I’d highly recommend getting started with a free trial. There’s no investment on your end, other than a few minutes to set up the camera. The product really speaks for itself.”

Dan Lynch
Network Engineer & IT Administrator
