

Protect Your Business & Customers with a Fully Integrated Security System

Verkada simplifies and modernizes physical security management by combining cameras, access control, and environmental monitoring onto one easy-to-use platform. Learn how the hospitality industry is utilizing Verkada to remotely monitor health, safety and security across businesses.

Video Security

- Centralize video monitoring across your business and properties.
- Secure key sites with proactive alerts for unusual motion and repeat offenders.
- Tested and rated for durability for use in high-traffic environments.

Access Control

- Verify door-based activity with video evidence of who came and went.
- Provision staff with tiered access levels across various points of entry.
- Schedule doors to lock or unlock based on hours of operations.

Sensors

- Maintain optimal conditions for perishable goods and sensitive equipment.
- Detect for costly and prohibited events such as smoking or vaping.
- Be alerted of any sudden changes in temperature, noise levels or air quality.

Alarms

- Detect and respond to break-ins with 24/7 professional monitoring.
- Use any Verkada device as a standalone alarm sensor.
- Customize alarm settings from an intuitive, cloud managed software platform.

Key Benefits

24/7 Proactive Security

Know instantly when repeat offenders are on site or suspicious activity occurs after-hours.

Monitor From Anywhere

Remotely access doors, cameras, and sensors from Command, Verkada's web-based platform.

Real-Time Occupancy Management

Set proactive alerts to detect crowding and visualize traffic patterns with heatmaps.

Search Filters for Quick Investigations

Use powerful forensics to filter people, vehicles, motion and other key attributes.

Share Video for Incident Response

Locate, download and share footage from any browser or mobile device in minutes.

Gain Operational Insights

Improve staff efficiency and customer experience with data-driven insights.

Built For Your Organization

IT & Security

- Plug-and-play with a single PoE connection – no NVRs, servers, or complex configurations.
- Set user-based roles across your organization to ensure proper access.
- Control costs with predictable TCO and an industry-leading 10-year warranty.

Risk & Safety Professionals

- Quickly isolate events with advanced filters for quick investigations.
- Receive instant SMS alerts when a Person of Interest is on-premise or motion is detected afterhours.
- Ensure liability protection with onboard storage for up to 365 days and unlimited cloud archiving.

Owners & General Managers

- Oversee all sites on one cloud-based platform, easily accessible through any web browser or mobile device.
- Easy-to-use without time-consuming training or onboarding.
- Share live feeds, floor plans or archived footage via SMS, MP4, or direct link.

Customer Testimonials

WOOD RANCH.

Wood Ranch BBQ & Grill

“ The ability to manage all cameras at my fingertips, from any location, is powerful. This allows my team to respond to incidents quickly, without having to worry about performing a number of complicated steps to access cameras.”

—
Scott Callegari
IT Manager

EQUINOX

Equinox Fitness Club

“ There are no secrets to becoming successful with Verkada. The way the system works is effortless– from the way it’s installed, to getting it up and running.”

—
John Spirko
Senior Director of Loss Prevention

TORCHYS

Torchy’s Tacos

“ The installation with Verkada is very simple. We no longer need a power supply and a DVR; it’s just a PoE line and it’s plug-and-play.... It takes minutes to bring online.”

—
Matthew Lambrecht
Senior Manager of Technology

GAIL’S BAKERY

GAIL’s Bakery

“ Now managers are able to pull up cameras on their phones or iPads. It takes seconds for them to see what’s going on and gives them peace of mind that everything is under control.”

—
Brett Parker
Brett Parker

Pausa Bar & Cookery

“ Creating motion grids to identify incidents has been a particularly helpful feature. We select an area of interest, and Verkada pulls up clips and thumbnails of all activity that occurred, making it quick and easy to find what we’re looking for.”

—
Steve Ugur
Co-owner

MERIDIAN AT COURTHOUSE COMMONS

Meridian at Courthouse Commons

“ Verkada’s web platform is the most user-friendly I’ve experienced compared to other solutions on the market. Not only is it quick to learn, it’s also easy to navigate and use on a day-to-day basis.”

—
Paige Hughes
General Manager
